SALT, A GROUP FROM WILLOW CREEK CHURCH

David Cross led a wonderful group of amazing people who came to spend time with the Armonia students and experience beautiful Oaxaca. They stayed for a week, and brought presents that they made and that David Castor donated. We are very thankful with everyone who made this visit possible.

The Armonia Students are back from school, studying hard, and preparing themselves for their college admission tests when the time comes.

On Sundays, the students go to church at the Etlá community. We are all very well received by the members and the pastor.

An engineer has been measures, writing budgets, and assesing us so Casa Esperanza will be finished in the coming months. We are hepeful and joyful that God has made this possible through special people who have a heart for the Armonia students.
